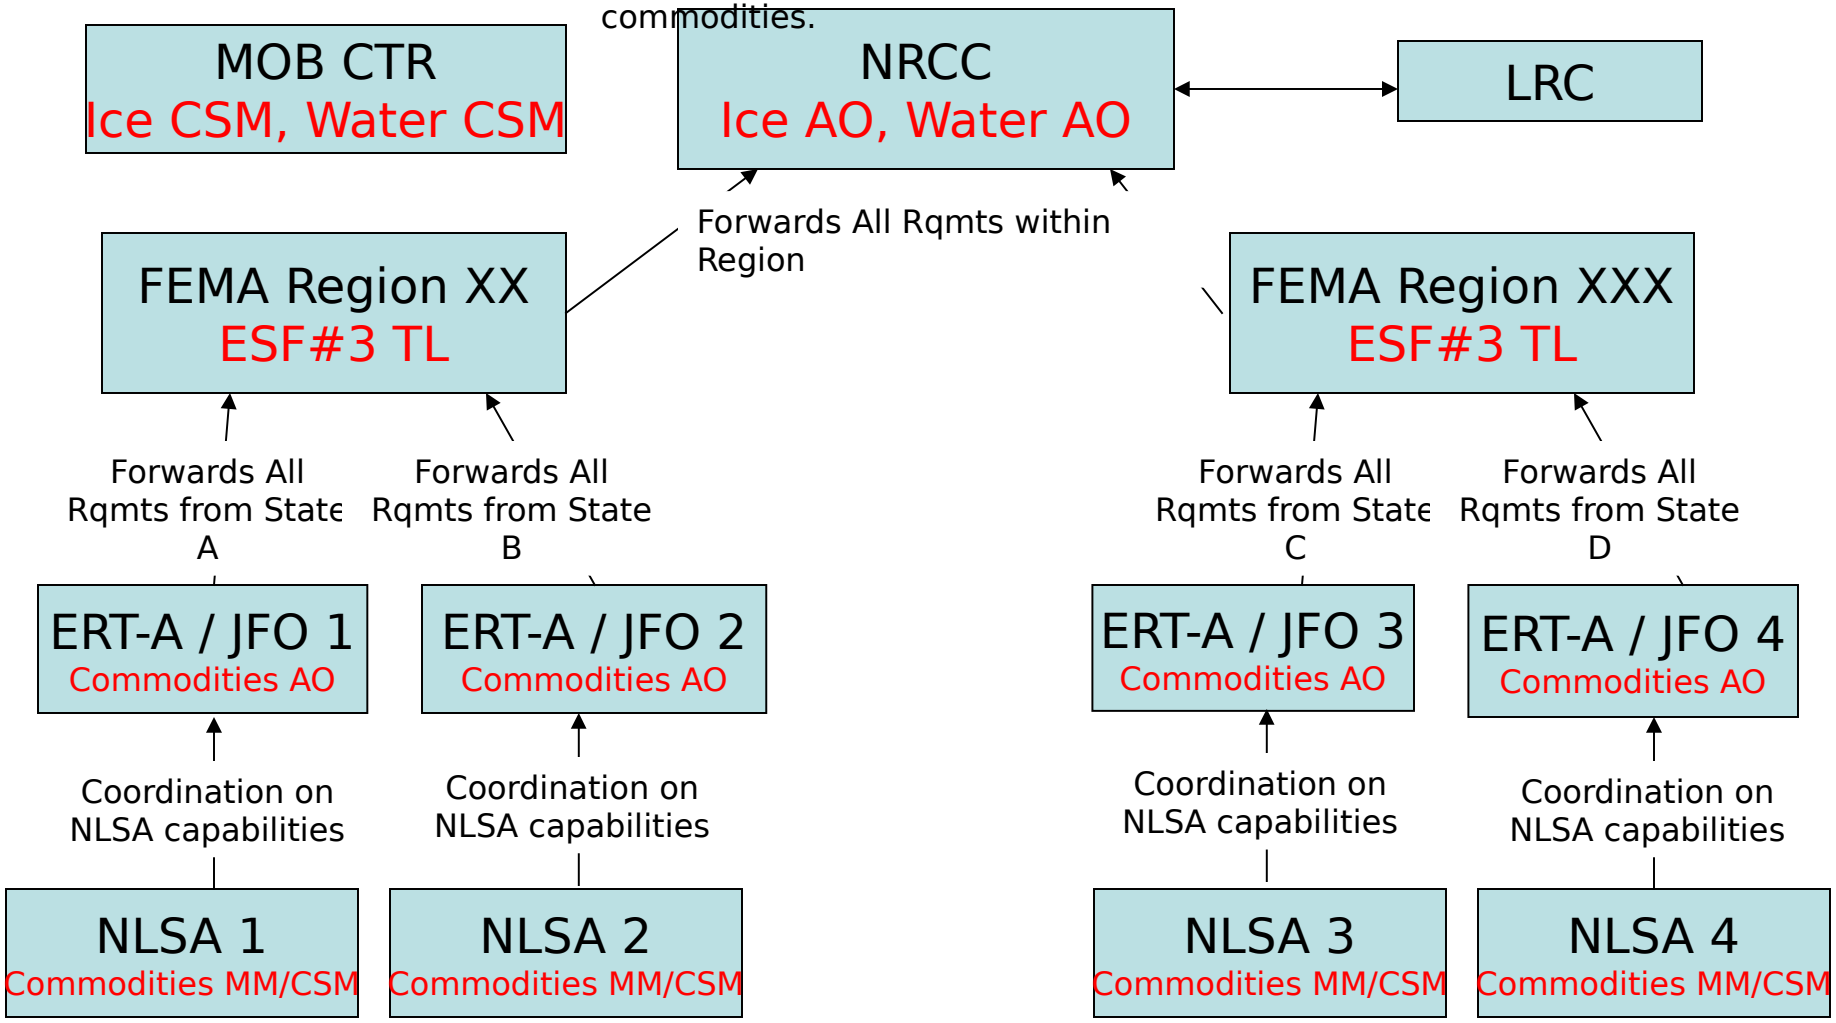
Commodities CONOPS

- CONOPS – Concept of Operations

- “HOW WE MAKE IT HAPPEN!”
  - OR
- How it’s supposed to happen
  - OR
- We do what, to whom, when, where, why and how

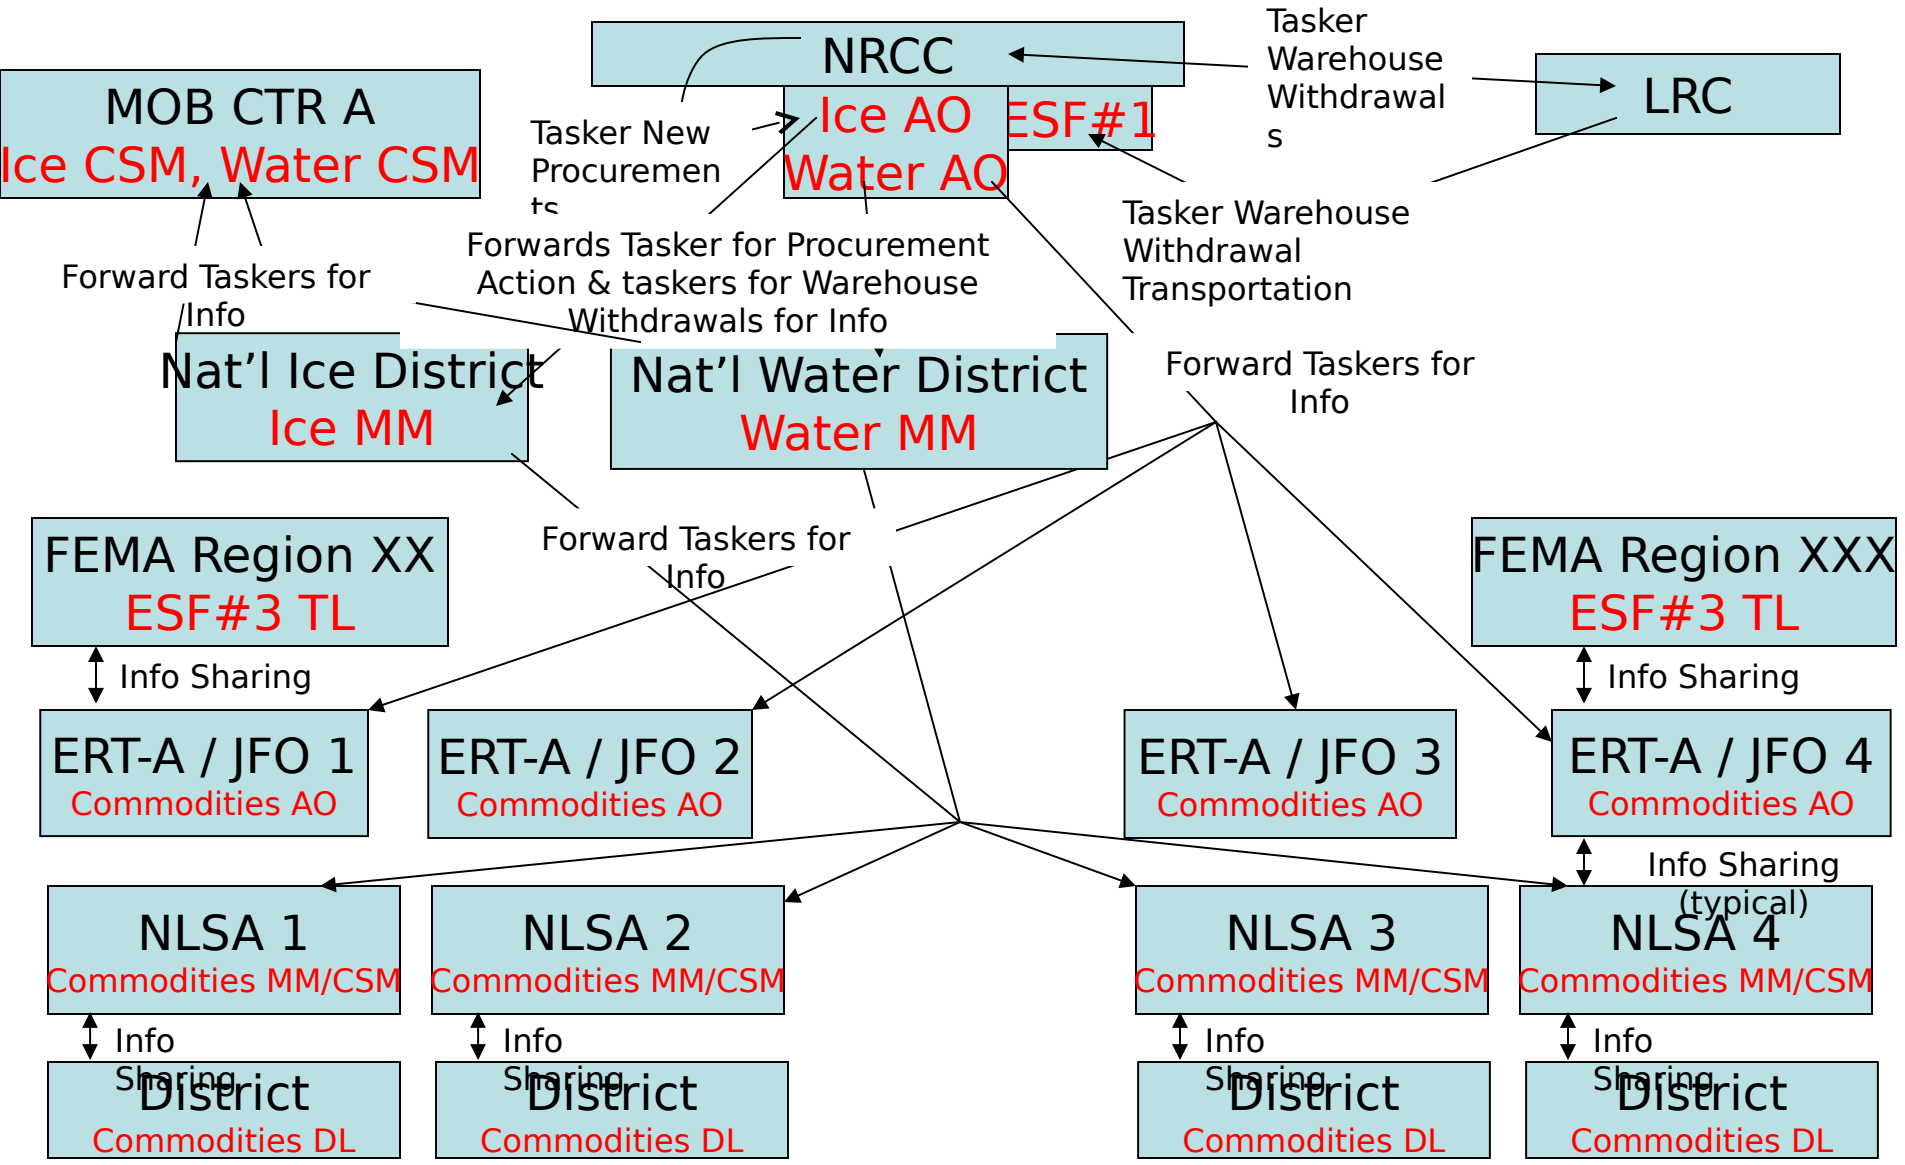
PRE-DECLARATION COMMODITIES REQUIREMENTS PROCESS FOR HURRICANES

The first 3 days of commodities needs are based on USACE models. The Ice & Water AOs at the NRCC will advise FEMA on the requirements. FEMA makes final decision on required amounts. The LRC will determine how these requirements are to be filled, i.e. pull from stock or order new commodities.



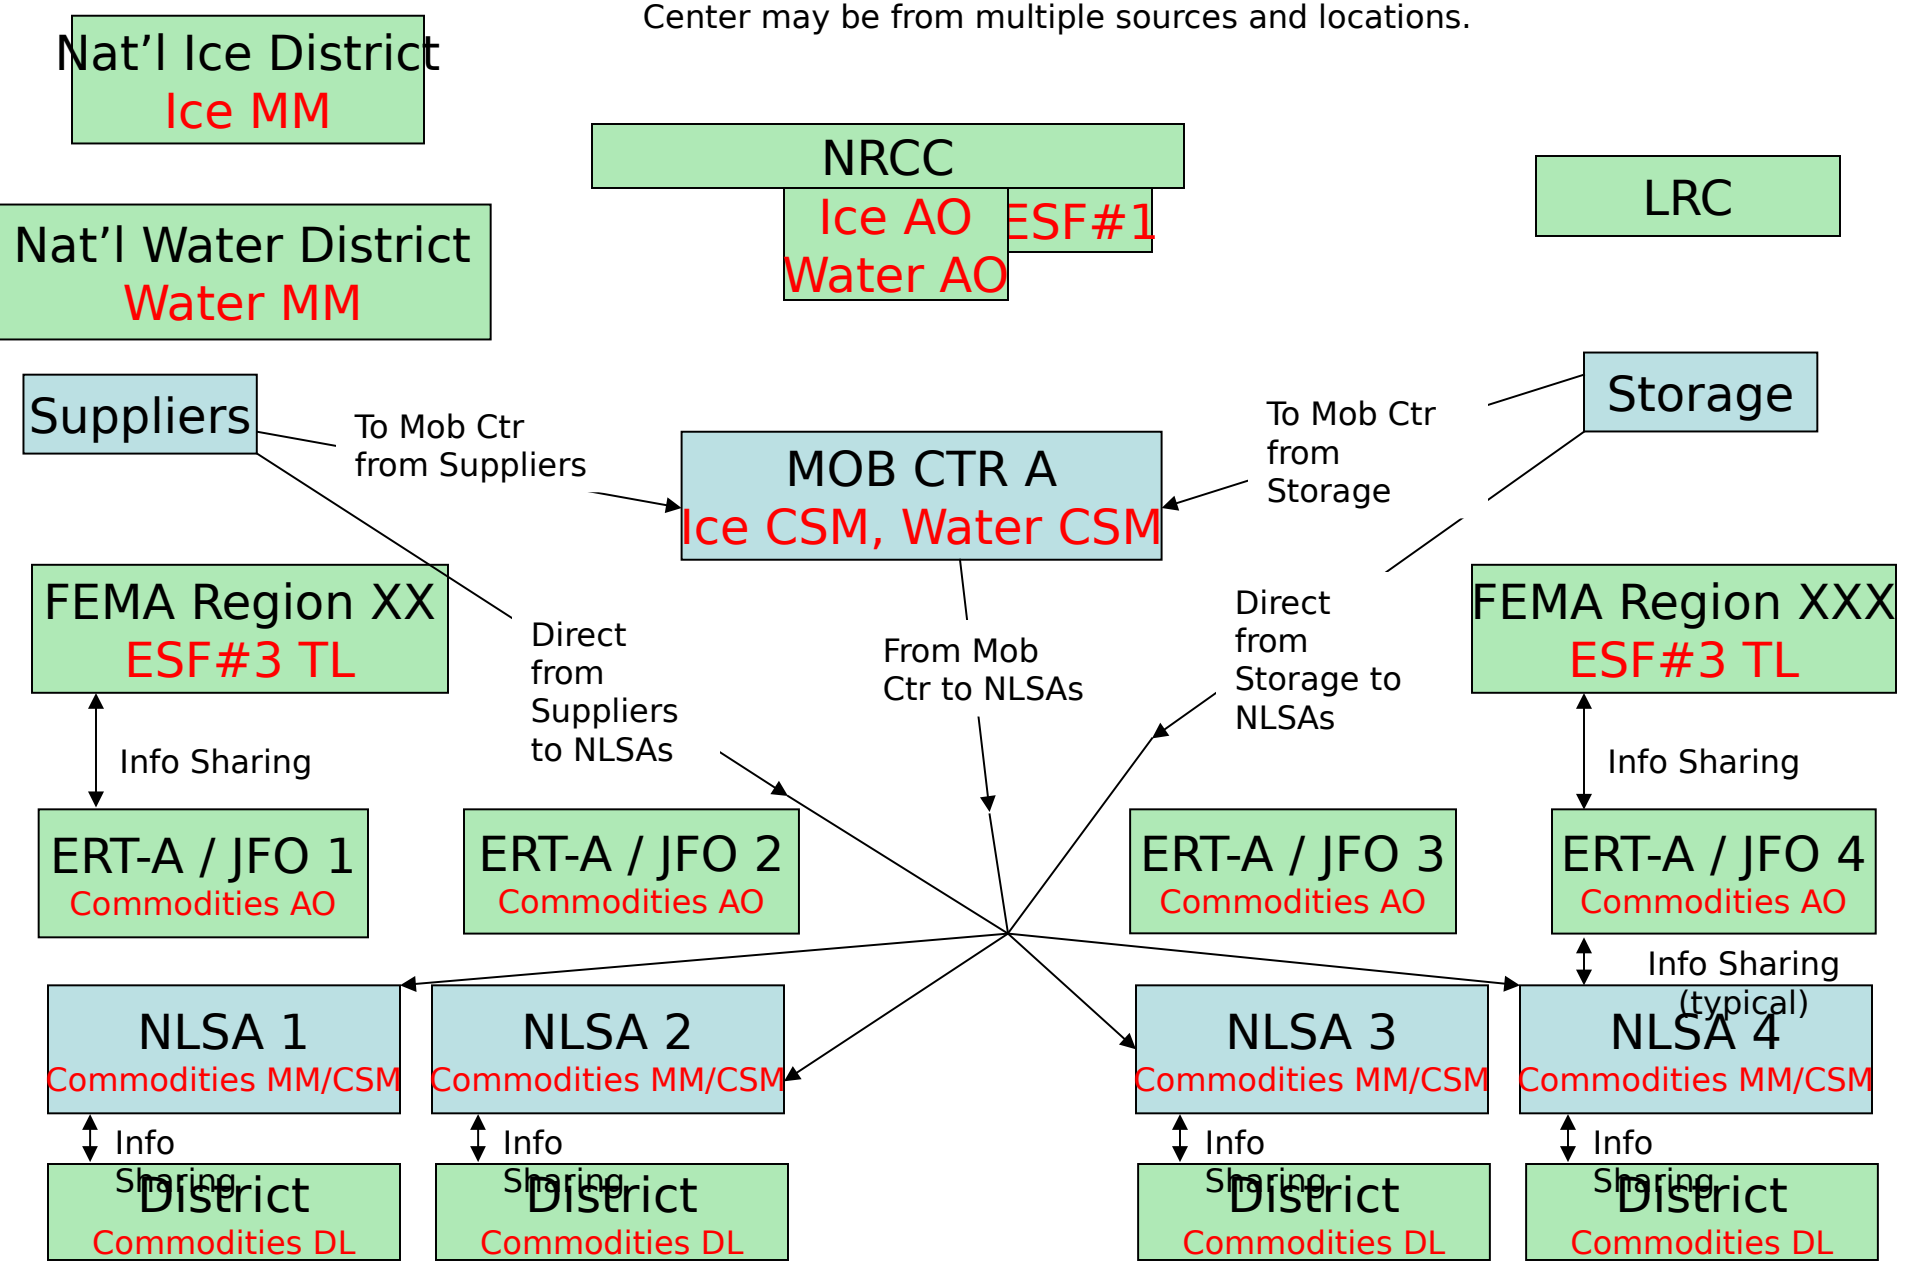
PRE-DECLARATION COMMODITIES TASKERS FOR HURRICANES

The NRCC and LRC has decided upon pre-dec requirements and tasked the appropriate agencies (FEMA Log, DOT, USACE) to move and/or procure commodities. Copies of all taskers go to the Ice & Water AOs at NRCC. The tasker also gives delivery locations.



PRE-DECLARATION COMMODITIES MOVEMENTS

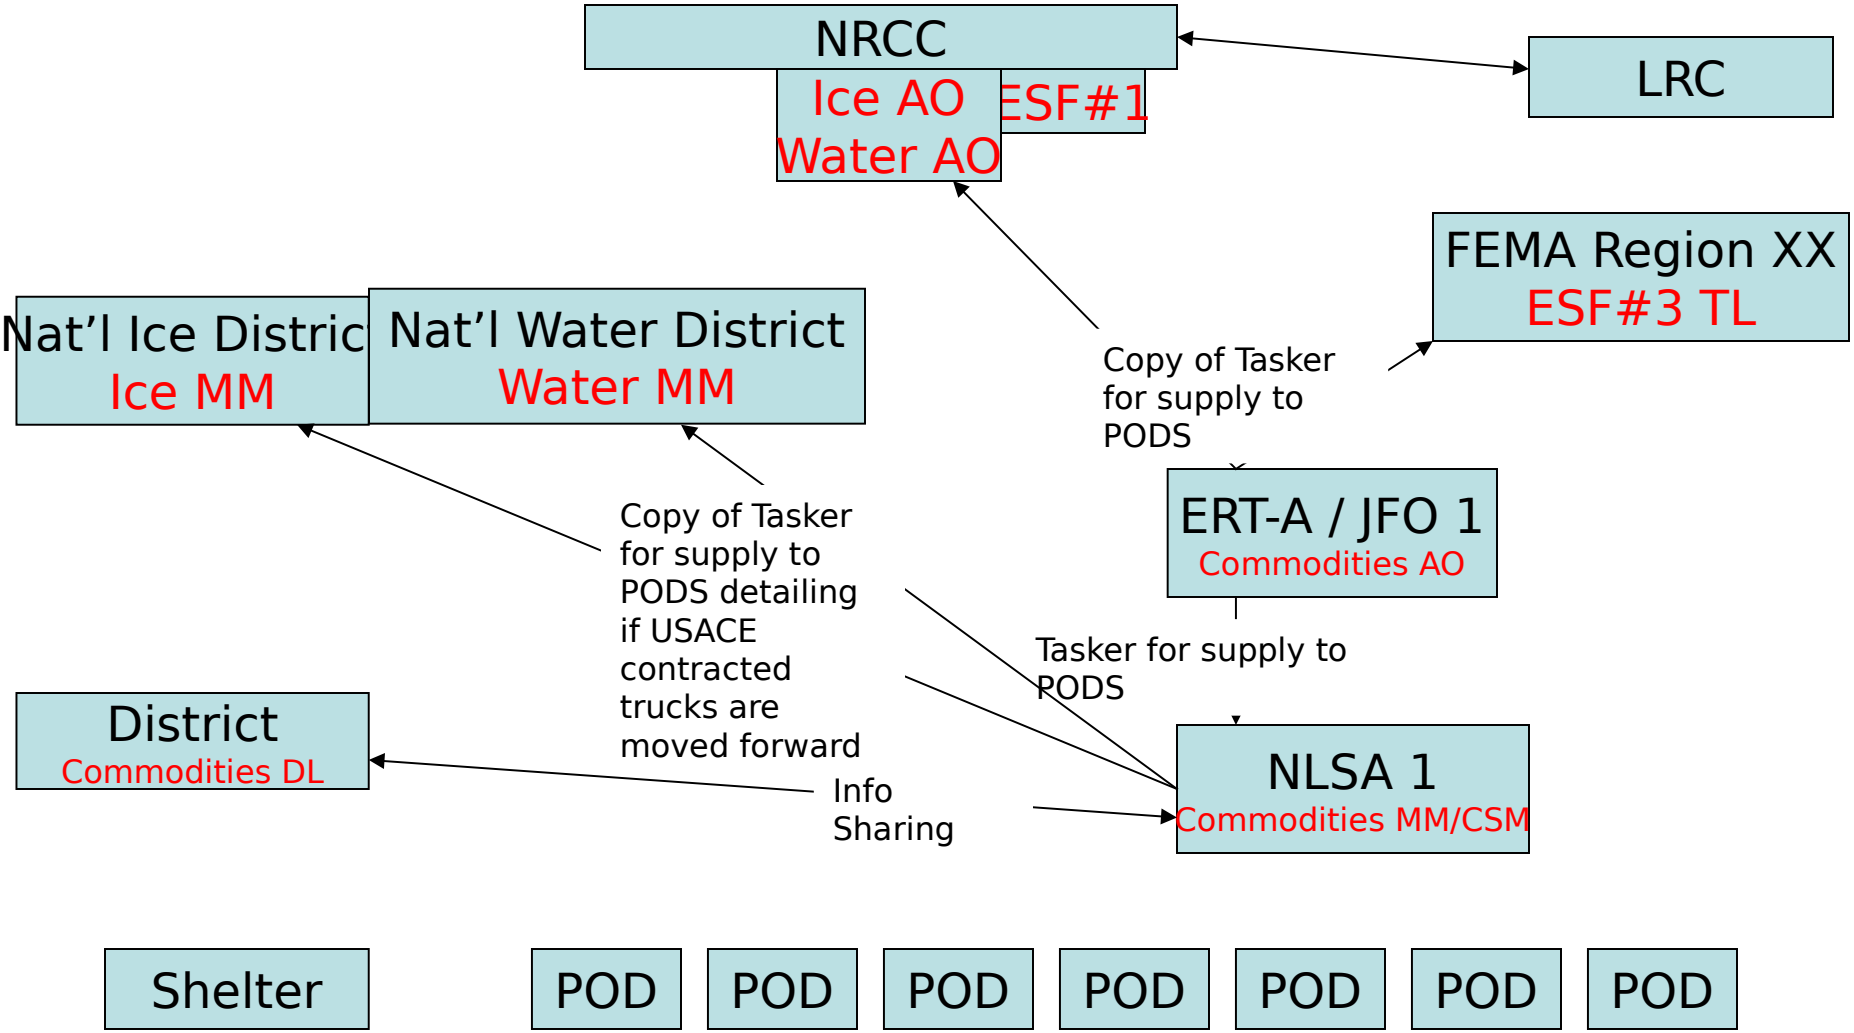
Commodities movements to the potentially affected states and Mob Center may be from multiple sources and locations.



POST-DECLARATION COMMODITIES TASKER PROCESS (Day D+1)

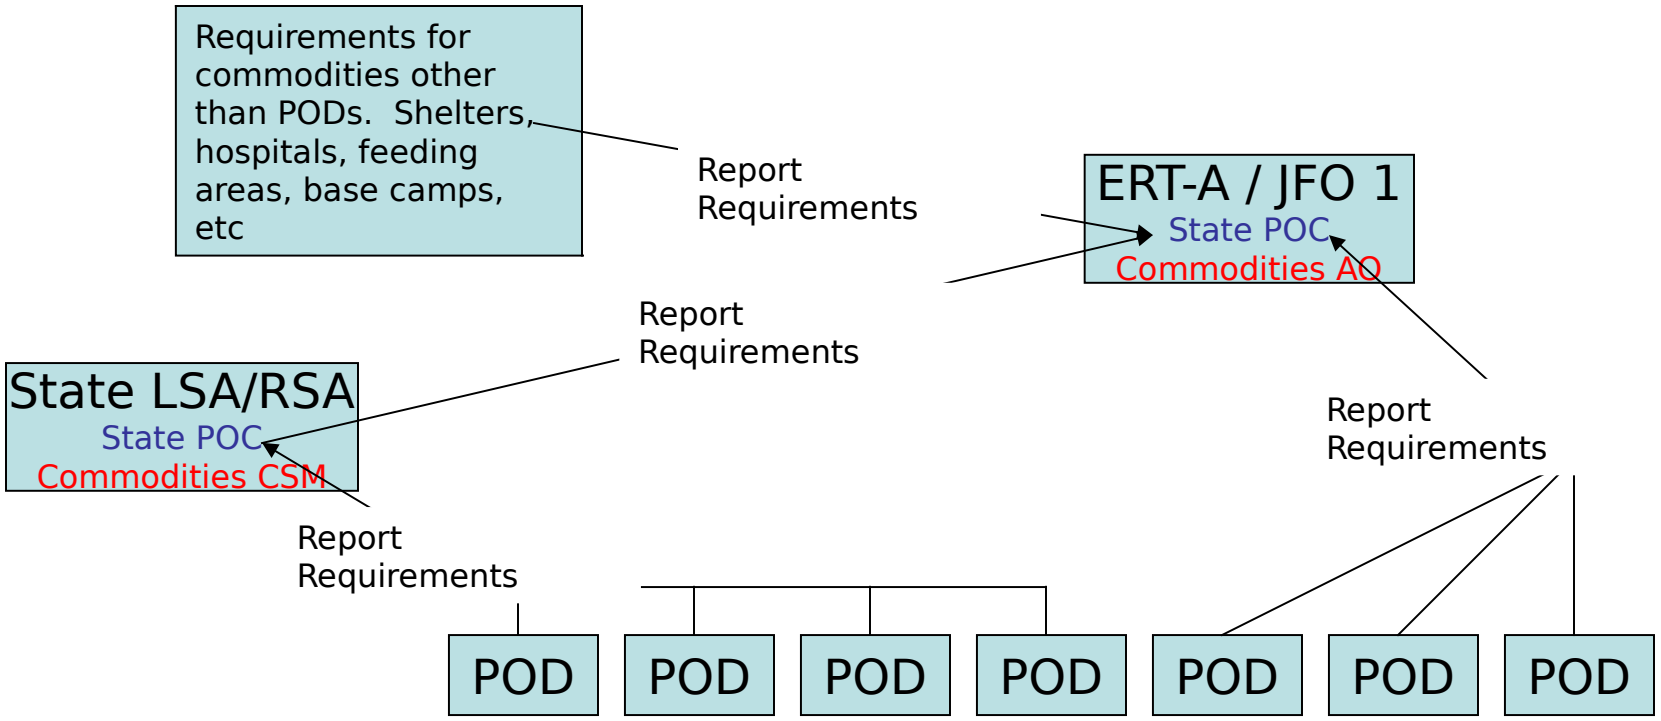
Post-declaration commodities requirements are developed in the affected states.

Taskers for movement within the state are developed at the ERT-A/JFO and sent to the Commodities MM for execution.

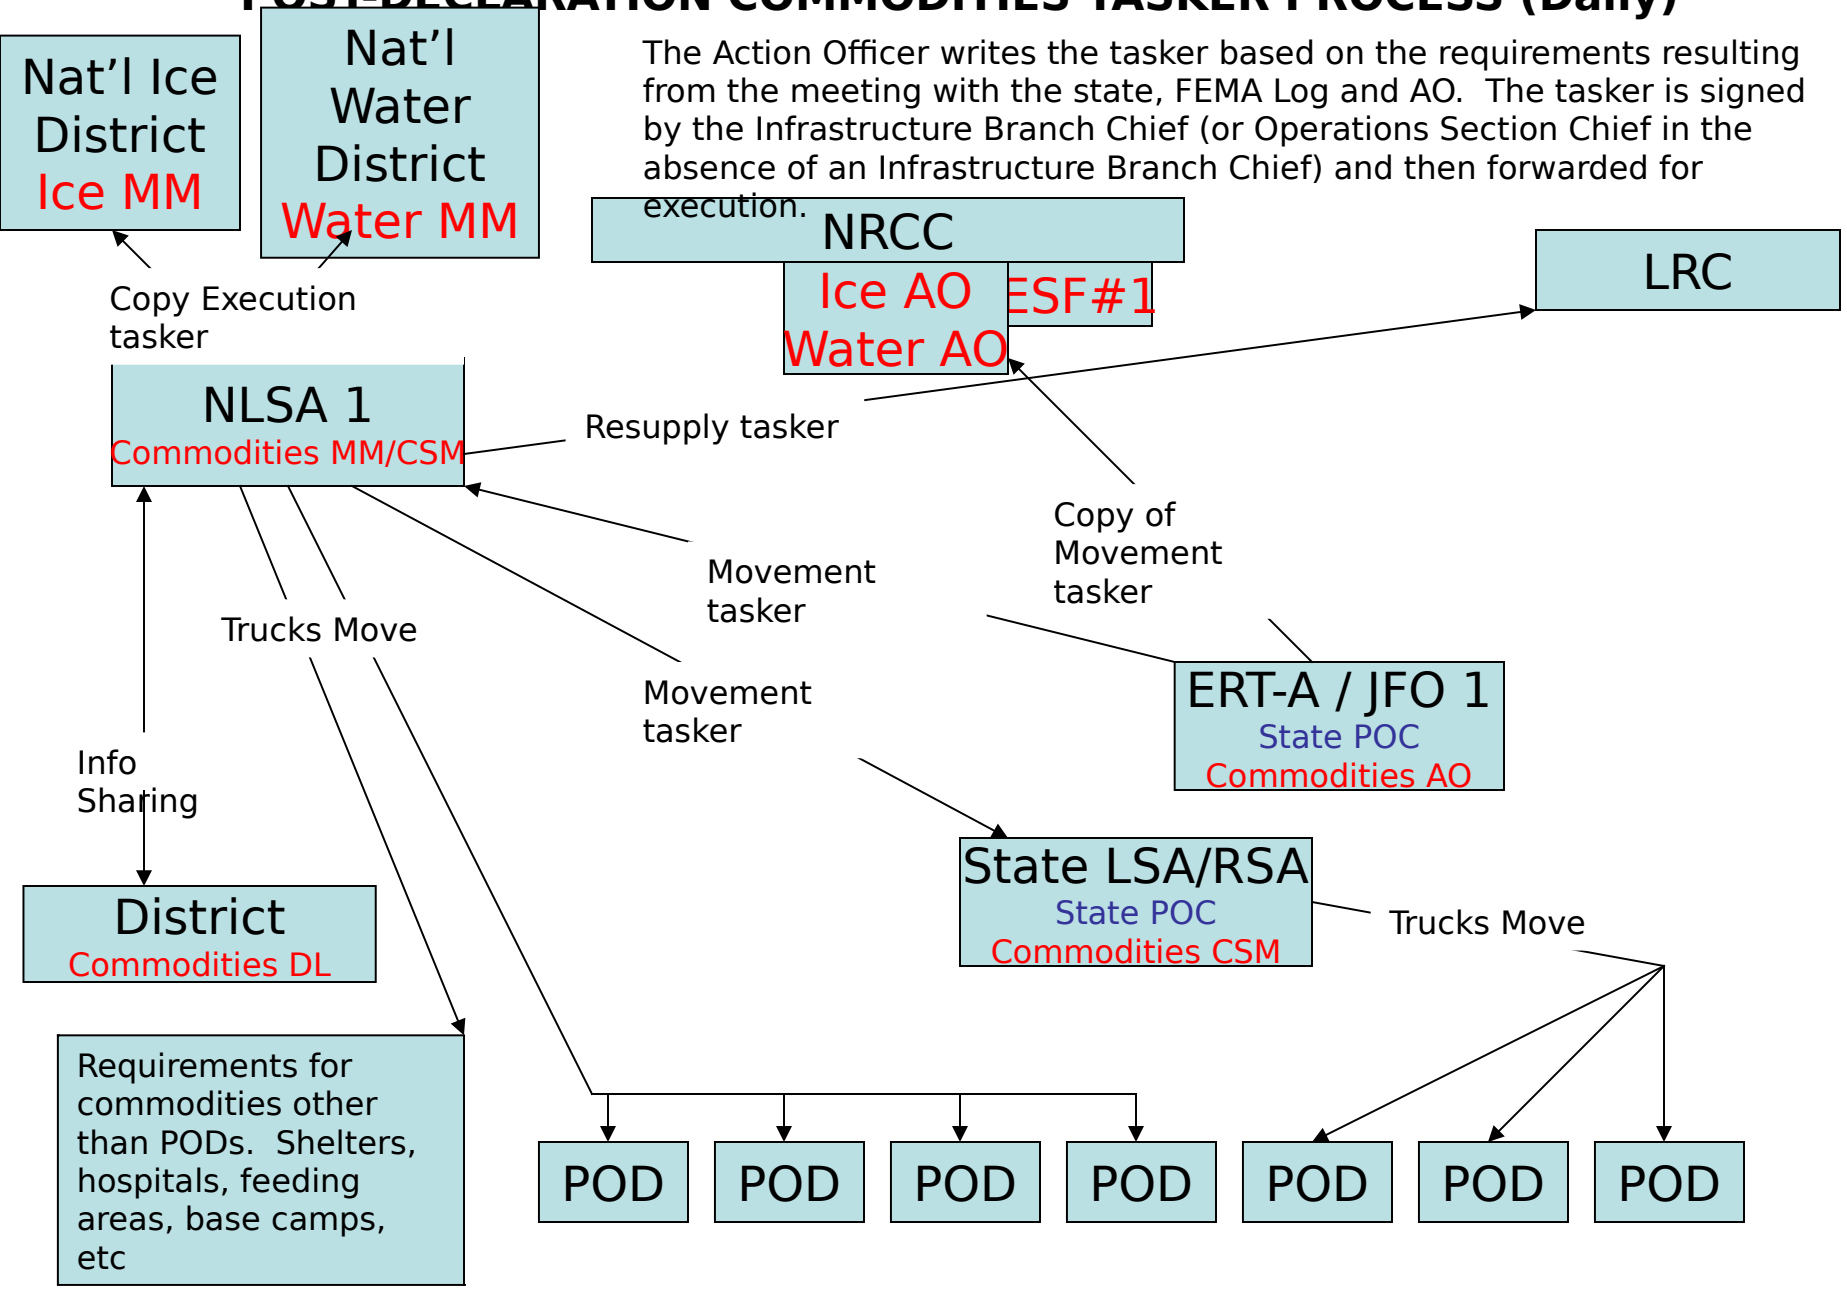


POST-DECLARATION COMMODITIES REQUIREMENTS DETERMINATION PROCESS (Daily)

Requirements are developed at the lowest level and forwarded to state level for execution. The state forwards the request to FEMA. This usually takes place in the form of the Commodities AO writing a tasker.



POST-DECLARATION COMMODITIES TASKER PROCESS (Daily)



Strategic Projection Sheet

Expections on Date >		1-Aug	2-Aug	3-Aug	4-Aug	5-Aug	6-Aug	7-Aug	8-Aug	9-Aug	10-Aug
